

Welcome to Iwaki

Iwaki City is located in the southernmost point of the Tohoku region and has some of the longest hours of daylight among Japan which helps provide a warm climate through the year. As it rarely snows, it is the best place to enjoy various sports such as playing golf, soccer, marathons and cycling.

The city is famous for its Iwaki Yumoto Hot Springs, which boasts 1000 years of history and abundant supply of hot water that possesses many health benefits, and the large hot springs leisure facility Spa Resort Hawaiians, which is famous for its Hula Girls, is very popular nationwide. Iwaki also provides many delicious foods such as seafood and agricultural products that have been nurtured in a lush natural environment. Iwaki is very easy to access as it takes only about two hours by train and about two-and-a-half hours by car via the Joban Expressway. With its warm climate and people as well as the beautiful sun and the sea, it is no wonder Iwaki is nicknamed the "Sunshine City". We look forward to seeing you soon.
